HAY-PAUNCEFOTE AMENDMENT GOES

Senate Committee Will Make Unanimous Report.

ACCEPTABLE TO ENGLAND

Senator Morgan Only Oppose.—Will Not Fight It in Senate—Gives Right to United States to Defend Canal. Means Practical Control.

WASHINGTON, March 9.—The senate committee on foreign relations has agreed to report the Hay-Pauncefote treaty amending the Clayton-Bulwer treaty with an amendment granting authority for the defense of the canal by this country when constructed.

The foreign relations committee was practically unanimous in favor of the amendment to the treaty. Some objection was made by Senator Morgan of Alabama, but he will not oppose the measure in the senate, accepting the change in order to hasten the action of the senate. Quite an elaborate report has been prepared by Mr. Morgan, which will be submitted to the senate in executive session when the treaty is reported. It is the opinion of the members of the committee that the senate will with but little delay ratify the treaty as amended.

The amendment is brief. It simply provides that the restrictions in the treaty shall not operate to prevent the United States from using its own forces for the defense of the interests of the United States and the maintenance of order.

Senator Morgan was the only member of the committee who cast his vote against the amendment. Senators Bacon and Daniel, the only other Democrats present, voting with the Republicans. They also voted with the Republicans to have the treaty reported as amended.

Senator Morgan talked at length during the sitting of the committee in opposition to the amendment, practically consuming the entire time of the session. He contended for the utmost liberty toward other powers in the use of the proposed canal and held that American interests were fully safeguarded by the treaty as it stands.

He also contended that an effort to amend the agreement might result in defeat and indicated a purpose to oppose it to the utmost. Some of the other senators expressed the hope that he would not go to this extent, and before the meeting adjourned there was felt to be some ground for the opinion that the Alabama senator would content himself with stating his opposition.

While no member was authorized to speak for Great Britain, the opinion was expressed that the government of that country would agree to the proposed modification of the treaty.

REPRIEVED BY TELEPHONE.

First Instance in Which It Has Served Such a Purpose.

HELENA, Mont., March 9.—For fear that the train bearing him to Helena might not arrive in time to catch the Butte mail train upon which he desired to transmit to the sheriff at that place a respite for Joseph Schaefer, the innocent man under sentence to be hanged there, Lieutenant Governor Spriggs last night telephoned the officials of his intention and upon arrival here today he attached his signature to the temporary respite in order that the supreme court might have an opportunity to pass upon Schaefer's appeal.

This is believed to be the first instance in which a telephone served such a purpose. It was feared for a time that Schaefer must hang, even though proved innocent, as the governor and lieutenant governor have been out of the state.

Fire and Catarrh

If there is a fire in your cellar you put it out with water. If the flames are in the kitchen you use water again. If the fire is located in the second story, water is the agent to subdue it. If in the attic, water is still your salvation. Fire is fire, and no matter where located, water puts it out.

Your body is a house of many stories. It is lined throughout with a marvelously sensitive mucous membrane. Whenever this membrane becomes irritated or inflamed, the result is Catarrh. When you catch cold, you have Catarrh of the head, or eyes, or ear or nose. Bronchitis is Catarrh of the bronchial tubes. Pneumonia is Catarrh of the air cells of the lungs. Consumption is Catarrh of the lungs. Heartburn and Dyspepsia are Catarrh of the stomach. Kidney troubles are Catarrh of the kidneys. Bilioussness is Catarrh of the liver. Leucorrhoea is Catarrh of the pelvic organs in women. Almost everyone has Catarrh in some form.

Pe-ru-na is the name of a medicine that cures Catarrh in any part of the body, the same as water extinguishes fire in every part of a house. It is a long tried specific for Catarrh in every complication and phase. It restores the delicate pink membrane that lines the inside of the body to a perfectly normal condition, and thus makes the sick well. It is a universal remedy for that universal disease—Catarrh. It is the only true Catarrh cure known to medical science.
